| 1. | <p>As an interested contractor in the abovementioned public procurement, we hereby notify you, point out, and suggest regarding the requested conditions which we considered necessary to amend in order to ensure a greater number of potential contractors interested in the subject works.</p> <p>Further, we list the conditions and reasoning of those conditions which we consider to be disproportionate in relation to the public procurement.</p> <p>1. Required condition of the tender documentation: Signed Confirmation(or copies of contracts) of previouslyexecuted contracts, from which compliance with the requirements of each individual contract can be established (within the last 5 years prior to the deadline for submission of tenders, completed construction or reconstruction works on at least two (2) exterior decoration projects, each covering a minimum area of 8,000 m2).</p> <p>In view of the quantities envisaged under this procurement and the requested reference, it is concluded that the reference requirement is disproportionate in the relation to the quantities necessary for execution, which narrows the choice of the potential contractors. We kindly request the Contracting authority to amend the requirement in terms of the quantity, namely to accept A signed Confirmation (or copies of contracts) of a previously executed contracts, from which compliance</p> | <p>Contracting authority will amend stated requirement/criteria.</p> |

| | with the requirements of each individual contract can be established (within the last 5 years prior to the deadline for submission of tenders, completed construction or reconstruction works on at least one (1) landscaping project – surface landscaping. | |
| 2. | <p>2. Required condition of the tender documentation: The tenderer must have completed within a period of 5 years before the expiry of the deadline for submitting tenders, installation of a surface with a finishing stabilizing layer in the appearance of the so-called "terra battuta" manufactured by Mapei in the Cold Pav1 system or equivalent with the same or better characteristics in an area of at least 1,250.00 m2.</p> <p>The required quantity of such material has not been installed in the market of Republic of Serbia, nor in similar form (distributor has confirmed this information). We suggest that the requested requirement be eliminated as a condition.</p> | Contracting authority will amend stated requirement/criteria. |
| 3. | <p>3. Required condition of the tender documentation: Proof of employment: for persons who are engaged by the bidder on the basis of an employment contract: M-A form; for persons who are not engaged by the bidder on the basis of an employment contract: the purchase order contract/agreement on supplementary work/agreement on temporary and periodical jobs or another contract of work engagement outside the employment relationship (at least 20 persons, of which at least 15 construction workers, at least 1 welder/locksmith with a valid welding certificate for manual arc welding (welding procedure 111), at least 1 person for the performance of safety and health at work with a passed professional exam; graduated engineers (B.Sc. in Engineering) who hold a valid license from the Chamber of Engineers or the Ministry of Construction, Transport and Infrastructure (or equivalent), with a minimum 5 years of experience in the execution of works and that they have been appointed as</p> | Contracting authority will amend stated requirement/criteria. |
